# A Place Called Mississippi

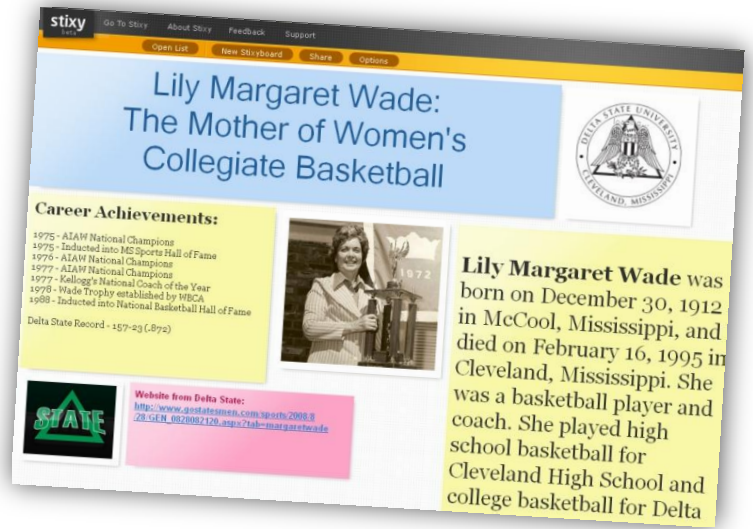

## Chapter 16: Performing and Visual Arts and Sports Heroes Internet Activity

In this lesson, you will research a topic or person from this chapter. Then, you will create a web-based Stixy to demonstrate what you have learned and share it with others.

**Instructions:** Click the links below or use your school's reference materials to complete each item.

### Part I: Research

To get you started, you'll need to decide on a topic with your teacher.

Try these websites, or some of your own to locate information. As you gather your information, save any images that might be good for your Stixy board. Also, you'll want to save any websites that might be useful to add as links on your board. Your Stixy board can hold documents, too. So, if you find a pdf file, for instance, that is informative, then you can add it, as well.

**Part II:** [Click here to build your Stixy.](#) Your teacher will give you directions to explain if you will log in to create an account or not.

Drag a Stixy widget onto your board to begin entering information. Check out the sample on page 1 and other samples at the website to get some great ideas for your board. Here's one you can try:

<http://www.stixy.com/guest/220219>.

The password for it is "wade".

Use the **Share** button at the top to email the Stixy to your teacher. If you have an account, you will be able to log in and edit or display your Stixy board.
