WORKSHEET

Chapter 1: American Government and Citizenship Section 1: Government and the People

Using the Internet: Voter Turnout

Directions: To find out information on voter turnout in the 2018 General Election, go to <https://results.enr.clarityelections.com/WV/92360/Web02-state.222648/#/turnout>. The percentage of West Virginia's registered voters who actually voted was 47.93 percent. On the map below, color red those counties which had a lower than 47 percent voter turnout; color blue those counties which had a higher than 47 percent turnout. Then answer the questions that follow:

1. Which county had the largest percentage of voter turnout? _____
2. Which county had the lowest percentage of voter turnout? _____
3. What was the voter turnout for your county? _____
4. How did your county compare with
 - a. the highest? _____
 - b. the lowest? _____
5. What can you do to increase voter turnout in your county?
