**Chapter 5: The Geography of West Virginia**  
**Section 3: Human/Environmental Interaction**  
**People and the Environment**

**Directions:** One of the five themes of geography focuses both on how people change the environment and on how the environment changes people. Use the chart below to list as many ways as you can think of that people change and are changed by the environment. Then answer the question below the chart.

Ways People Change the Environment	Ways the Environment Changes People

Should people be restricted on how they can change the environment? Explain your answer.
